

# Homework

Parents,

This is your child's homework book. **Each week it comes home** they will be working on our new Alphabet letter of the week. Their homework is to find pictures that start with our new Alphabet letter. **They** need to then rip/cut the pictures out themselves. You can of course help them with their work but they must be the ones doing this. After they rip/cut their pictures they will then glue it on the top part of the page. On the lines on the bottom please help your child to write the letter (uppercase and lowercase) a few times (5) per line. You should all have a copy of our Handwriting Without tears letter sheet for reference. For the week of the letter "X" your child can find words with "x" in it. For example: Box, Fox, and of course X-ray and Xylophone. Please make this a fun experience for your child. As they get older they will start to have more and more homework. The last thing we want is to put a negative indication on homework. We start with the letter A. IXL is also a nightly homework event. Each night spend 5 minutes working on IXL.

Thank you,

Ms. Coretta and Mrs. M
