

September 15, 2020

Dear Parent:

We hope your family's school year is off to a great start! With the start of each new school year, students and families are offered new extracurricular activities that are available to help girls explore their interests, connect with others, and make new friends.

Enclosed is a flyer about some **Virtual Animal and Robot Themed Events** we have scheduled for new girls in Kindergarten – 3rd grade and their families. Join us at one of our events so we can share all the fun activities we have planned for Girl Scouts in your community. Please RSVP for the event by following the link on the flyer.

Join us at one of our events so we can share all the fun activities we have planned for Girl Scouts in your community. Along the way, you will learn about the benefits of Girl Scouting and how our leadership development program can help your girl's social and emotional development and academic success.

Girl Scouts has a mix of in-person and live, interactive virtual activities that span our program pillars of life skills, STEM (Science, Technology, Engineering and Math), Entrepreneurship and the Outdoors. These activities foster a sense of togetherness, while having fun and building life skills.

[Click here](#) to read the article in Parents magazine where they ranked us number one for after-school virtual programming. You can access these program activities (for girls in Grades K-12) on our Girl Scouts at Home [web page](#).

We look forward to seeing you soon!

Regards,

A handwritten signature in black ink, appearing to read "Dahlia Cooper". The signature is fluid and cursive, with a large initial "D" and a long, sweeping underline.
